

Summary:

Over twenty years working in feature film production (more than 100 movies) and have worked extensively in all aspects of production and post production, I specialize in Post Production Supervising, Post Production Workflow Consulting, and Visual Effects Producing. I am extensively familiar with all post production workflows digital and analog, 2D and 3D, indy and studio deliveries, as well as all aspects of visual effects production and management. I'm technically oriented and artistically minded, understand how to get what I am going for and how to make sure that others have what they need.
